WhiteDog Share

Secure document sharing and data rooms by WhiteDog Cyber.

This is an example document.

Share documents, not attachments

- Send a link instead of a file.
- Require an email, password or NDA before viewing.
- Add watermarks and turn downloads on or off.
- Revoke access at any time.

See who engaged

- Know when a document is opened.
- See time spent on each page.
- Get notified when someone views it.

Upload your own document to get started.
